GOOD WORK OF SAMMIES

With the American Army in France, February 12.—(Associated Press Cable)—Aside from increased aerial activity the American sector has been normal for the last 24 hours. Harrassing artillery fire and patrolling operations continue, but there have been no clashes.

The American gunners are said to be growing more accurate daily. They have been effective in registering on the roads and light railways back of the enemy lines. So accurate has been the shrapnel fire that the Germans, though they seldom man their first lines fully, are reported to be keeping considerably less than the usual number in the trenches opposite the Americans.

The number of enemy snipers has been reduced still further. Airplanes were overhead everywhere today. The enemy late in the day sent over a considerable number of machines in battle formation, but they were driven back by a French squadron. The wounding of three men in an accident was reported today.

HERTLING TO MAKE ANSWER TO WILSON

WANT SHORT DAY

By Associated Press Dispatch.
Columbus, O., February 13.—Columbus policemen want an eight-hour working day. Following announcement to that effect, firemen started agitation for an eight-hour day also. Council is considering the requests but with an eye on the city's wallet.

Unofficial Announcement Says German Chancellor Will Reply to Wilson Speech Next Tuesday.

Facts Known in London Said to Indicate a Peace With Austria is Possible.

Italy Will Fight Until Victory is Won—Many Raids on Western Front.

By Associated Press Dispatch.
Count Von Hertling, the Imperial German Chancellor, it is unofficially announced, will answer President Wilson's recent address, in the German Reichstag, Tuesday.

President (Wilson) declared Count Von Hertling had not withdrawn from his position that peace should be made on Germany's terms.

Facts are known in London, the Daily News says, which bring closer the possibility of a separate peace between Austria and the Entente. Austria is said to look with disfavor on sending her soldiers against the troops of the United States and Great Britain.

Challenged to move want of confidence in his government by Premier Lloyd George, the British House of Commons promised to take such action.

Criticism of the Versailles council and the Premier's attitude concerning it was voiced in the House by former Premier Asquith and others.

Spokesmen of the government denied reports that Field Marshal Haig and General Robertson had been dismissed or had resigned.

Before the Italian Parliament Premier Orlando has declared that Italy will fight on until victory is achieved. There is no indication that military operations on the western front are about to be resumed on a large scale. Attempts by raiding parties are growing stronger, but there has been no attacks in force.

"Sometime in March," according to a German prisoner, the Germans will attack on the British front. He did not know if a general offensive would be begun then but there is marked activity behind the German lines.

FOR MOVING THE TRACTORS

By Associated Press Dispatch.
Columbus, O., February 13.—Governor Cox today wired railroad Director General McAdoo urging him to issue priority orders for the railroad transportation of farm tractors.

The Governor stated in his telegram that a Marion, Ohio tractor manufacturing company had informed him that they have 300 completed tractors on hand awaiting shipment, but they can obtain no cars.

CANADIANS ARE READY

(By Associated Press Cable)
Canadian Army Headquarters in France, February 13.—(By Canadian Press, Limited)—After 3 1/2 years of war Canada is entering upon the spring campaign stronger in men and material and guns than at any previous time since the mobilization at Val Cartier marked the creation of the Dominion First Division. The Canadians are holding a larger front than ever before.

171 VICTIMS ARE BURIED

A Scottish Seaport, February 12.—Up to Tuesday night, a week after the disaster, 171 victims of the ill-fated Tuscania had been laid to rest at various points on the Scottish coast. These were divided as follows: Americans, 131 identified and 33 unidentified; crew, 4 identified and three unidentified.

FLOOD WILL NOT HIT CAMP

By Associated Press Dispatch.
Chillicothe, February 13.—With prospects of a continued rise in the Scioto river during the next 24 hours, there is no danger of the flood waters reaching Camp Sherman, it is announced authoritatively.

WILSON SPOKESMAN PREPARE FOR THE ALLIES THE WOUNDED

"Stands Head and Shoulders Above All Others," is Declaration of The Manchester Guardian.

English Newspaper Says President Keeps War Aims in View and Knows How to State Them.

By Associated Press Dispatch.
London, February 13.—President Wilson stands head and shoulders above all others as the spokesman of the allied peoples, in the opinion of the Manchester Guardian, mainly because he is able to keep firmly and constantly in view the reasons why America came into the war.

The newspaper instances the various times in which Mr. Wilson has come forward to remedy "our shortcomings, take up dropped stitches and repair all too probable lapses of our own and allied diplomacy," and has done it with conspicuous and admirable effect.

SAYS ACTION UNNECESSARY

By Associated Press Dispatch.
Washington, February 13.—The opinion that President Wilson's action in taking over the railroads was unnecessary because as good results would have been obtained by the carriers with proper government co-operation was expressed in the Senate today by Senator Kellogg, a member of the Senate Inter-State Commerce Commission.

He declared that had the railroad heads been given full measure of assistance the government would have escaped the necessity of guaranteeing the carriers an income for use of the property taken over.

NEW SHIPPING OF ENGLAND

(Associated Press Cable)
London, February 13.—During the year 1917 there was built in Great Britain 1,163,474 tons of shipping, and 170,000 tons were secured abroad, Mr. Bonar Law announced in the House of Commons today.

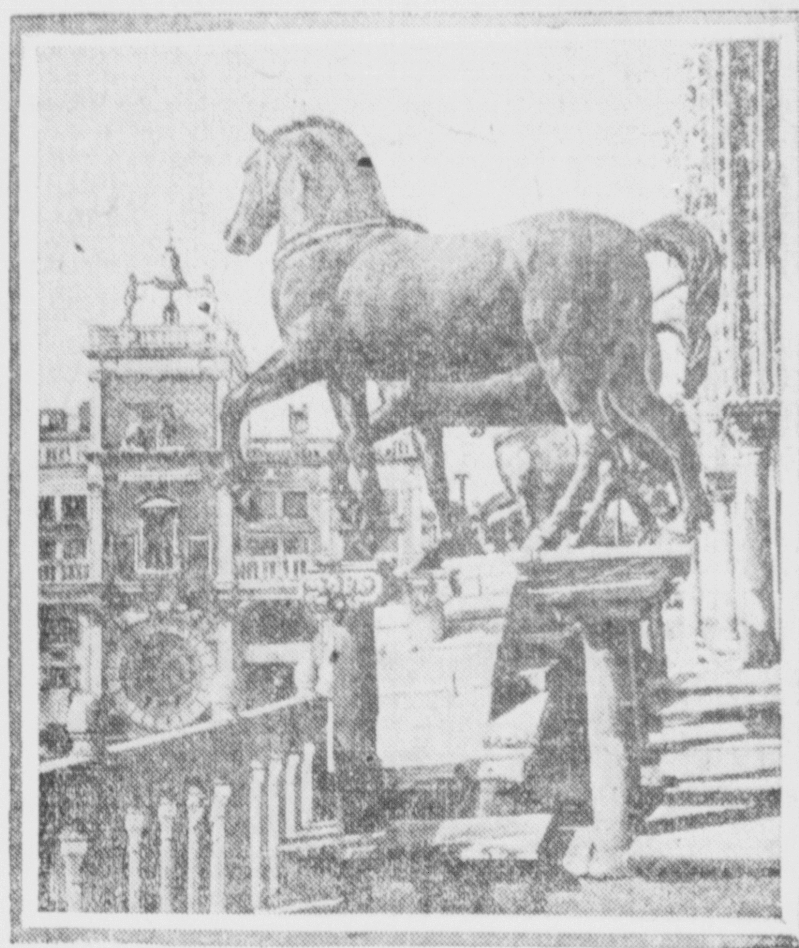

PRUSSIAN BRUTALITY

(By Associated Press Cable)
Paris, February 13.—The Austro-German invaders in northern Italy daily are resorting to increasing acts of vandalism, violence, pillage and brutality, according to the statements of prisoners captured by the Italians, a Havas dispatch from Rome says. The rivalry in stealing, it is said, has been so great that bloody fights have broken out between the various groups of the Central Powers. Women and children, it is added, have been stripped of their clothing and along with stolen food sent to Germany.

OHIO VICTIM OF TUSCANIA

London, February 13.—The name of Stanley R. Sugspurger, of Dayton, O., appears in the list of names of the American soldiers buried on the Scottish coast. According to dispatches from there he was one of 44 victims buried in three trenches at one point along the coast. The first trench, the one in which the former Dayton man was laid to rest holds 18 bodies, all being numbered. Ausburger's body is No. 9.

BRONZE HORSES TAKEN TO ROME

BRONZE HORSES OF SAN MARCO

The four famous bronze horses that stood over the portal of St. Marks, in Venice, have been removed to Rome. The famous bronze steeds have had a most adventurous career. Nero received them as a gift from Cornith and placed them on his triumphal arch in Rome. Later they made a perilous journey to Constantinople when Constantine made that city his capital. In 1204, when Constantinople fell to the Venetians, the horses were taken to Venice, but later Napoleon transferred them to Paris for his own triumphal arch. Next the Emperor Francis claimed them for Austria when peace was made with France, so once more they traveled to Venice then an Austrian possession.

SUSPENDS HEATLESS MONDAYS

By Associated Press Dispatch.
Washington, February 13.—Bulletin, 3:00 p. m.)—Fuel Administrator Garfield today suspended the Monday closing order, but left the way open to put it again into operation if it appears that it will be necessary.

State Fuel Administrators were given permission to keep the order in force in their states if it appears that it should be done to relieve fuel shortages and also were authorized to put into force any other restrictive measures that special conditions make necessary.

OFF IN OHIO

Columbus, O., February 13.—"Unless I am advised to the contrary by Mr. Homer H. Johnson, Federal Fuel Administrator for Ohio, heatless Mondays will be suspended in Ohio beginning next week," declared Assistant Fuel Administrator Leach today.

OHIO RIVER IS SLOWLY FALLING

Cincinnati, O., February 13.—(Associated Press Dispatch)—The Ohio River is slowly creeping back within its banks, falling at the rate of .2 of a foot per hour.

Considerable damage along small tributaries was reported late last night and early today as result of the running out of the streams following the breaking of the gorge yesterday. The B. & O. steel railroad bridge over the Big Miami near Cleves, Ohio, has been washed from its concrete abutments.

FLOOD DANGER NOW AT END

By Associated Press Dispatch.
Columbus, O., February 13.—Danger of serious floods in central Ohio is past, according to the Weather Bureau.

Most of the rivers and streams in this section are slowly falling and there is no rain to indicate a later rise. It was stated that Zanesville is facing flood conditions. The Muskingum river at that point was nine inches above the flood mark and rising.

ENGINEERS FOR FRANCE

By Associated Press Dispatch.
Washington, February 13.—The War Department has asked the Brotherhood of Locomotive Engineers to furnish 50 men for tank service and 1,000 engineers for transportation service in France. Warren S. Stone, chief of the brotherhood, today told the railroad wage commission he would furnish the department names of men available.

MINISTERIAL CRISIS IS BELIEVED AT HAND

Rumors Indicate That a Big Shake-up in English High Offices is Contemplated.

Lack of Confidence is Seen and New Military Heads Also May Be Named.

(By Associated Press Cable)
London, February 13.—During and after the debate in the House of Commons today the lobbies teemed with rumors that centered mainly around the possibility of military recognition and a ministerial crisis.

But the lobbies were emptied without any of the rumors being substantiated.

The Daily News in reproducing some of these stories says those in high places in the House of Commons believe that on Monday night the government put pressure upon General Sir Wm. Robertson, chief of the general staff, with a view to inducing him to resign.

The General resisted the pressure, the paper says, and the government on Tuesday was considering removing him.

Field Marshal Haig is affected less than General Robertson by the rumors. The News also says Lloyd George failed to exert his usual power over the House and that the War Cabinet has lost its prestige in all parties.

ULTIMATUM

(By Associated Press Cable)
Amsterdam, February 13.—The Berlin Takeblatt says that the Central Powers have addressed a demand to Rumania to enter peace negotiations

AMONG WOMEN WAR WORKERS

The surgical dressing's class, under the thorough instruction of Miss Martha Campbell, of the Columbus Chapter American Red Cross, made a most auspicious beginning Tuesday.

There had been twice the number of applicants for the limit of the class and, owing to a little misunderstanding several more were taken in than had been originally intended in the class of twenty-three.

Those enrolled were mesdames Frank C. Parrott, G. L. Spragg, Lucy Ginn, Charles E. Mark, H. C. Ireland, H. E. Daugherty, Ray Maynard, Scott Hopkins, Henry Pearce, Sam Katz, James Hagerty, Anna Bush Coffman, E. J. Strobel, Blanche Arthur Creamer, Dr. Lucy Pine, Misses Edith Gardner, Ethel Calvert, Mary Craig, Lizzie Bell, Ruth Smithers, Jessie Mantell, Iva Larrimer Dortha McDowell. The women were in deadly earnest

and much interested in the work. The members of this first class are the instructors for future workers and training under a qualified Red Cross instructor, will be classified as competent to carry out instructions in later formed classes.

Hundreds of Fayette Co. women are needed to make surgical dresses and it is hoped that large numbers will respond and take up the work as soon as this class is ready to give the instruction.

BRING IN KNITTED WORK THURSDAY

A rush of finished knitted work is expected at the Red Cross workshop Thursday, the fourteenth as that is the last day before the last boxes of knitted garments are sent. Boxes will be packed and rushed off as soon as possible so that they may be sent across the water in time to be of use this spring.

WAR LIBRARY HOSPITALS WORK

The War Library Hospitals committee are beginning to make the books for hospitals use and expect to soon have them ready to ship through the Dayton branch of the N. L. W. S. to European hospitals.

Do Not Send Used Articles.

The following letter sent out from the "Secours National," explains itself:

"The following letter dated Paris, Jan. 8 has just been received, in reply to our request for SPECIAL permission from the Government authorities to ship used clothing.

"Dear Madam:—

"We have just received your letter of December 14th, and we regret to be obliged to tell you that it is in our instructions not to transport used clothing nor perishable goods. We enclose one of our notices where you will see paragraph No. 2, underlined. "You can well imagine with the actual state of maritime transportation and with the very great difficulty of obtaining freight space, it has become necessary for the authorities to impose this restriction. It is impossible for us to make exceptions to this rule which is imposed upon us; we regret it but you can well understand the reason and act accordingly.

"With expressions of our deepest regrets and our renewed thanks for all that you have done for France, we pray you to accept our homage.

Service de Transport, France-Amerique, Pr. Monsieur Hano-taux, Raymond Laurent."

"Paragraph No. 2, above referred to, reads as follows:

"The Service receives all gifts in kind, such as food products, agricultural implements, clothing, dressings, etc., with the exception of worn articles or perishable goods."

These workers for the relief of French women and children and Belgian refugees had expected to use articles slightly worn but in good condition and publishes this letter so as to save useless trouble and expense.

ROAD GETTING ON FEET ONCE MORE

The D. T. & I. railroad which was so badly demoralized by the great blizzard of a few weeks ago is once more rapidly resuming normal shipping conditions, and within a short time will have fully recovered from the effects of the storm and cold weather.

Dozens of engines on the road were frozen up and damaged during the cold weather, due chiefly to plunging into great drifts from which they could not be extricated except by the use of shovels and additional engines.

Owing to the north and south trend of the road and the fact that many cuts through embankments or small hills are along the road at various points the drifts formed almost as rapidly as they could be removed.

CHARGED BATTERY BEFORE JERUSALEM

(Associated Press Cable)
London, February 1.—How British cavalry charged and captured three Turkish batteries and thus opened the way to Jerusalem, is told in a letter from a British officer.

"It was the first time the brigade had used their sword," he says. "When 'Charge!' sounded I think every man went stark mad. Guns were belching their shells at us in one sheet of flame, and bullets by thousands swept past, but not one man seemed to get hit as we went, with drawn swords flashing in the sun in a long straight line, horses going like mad and everyone shouting like fury. Now we could see some of our pals falling, yet straight at the guns we charged. As we came up with the first line of protecting infantry the enemy put up their hands as they stood in the trenches, so we jumped them and were charging at the second line when the first line thought better of their surrender and fired at us from behind. Their artillery and machine guns kept firing at us up to the moment we reached them with the sword. It seems marvelous that any of us escaped alive, but though our ranks were thinned we took the positions, and all the guns and ammunition."

GORGE BREAKS

(By American Press)
Cincinnati, Feb. 13.—With the breaking of the great ice gorge at Sugar creek the danger of a disastrous flood at this and adjacent points along the Ohio river was averted, at least temporarily. The river in the Cincinnati harbor fell two feet during the first hour of receding.

Danger of a flood of major proportions became acute when the river continued to rise at the rate of two tenths of a foot an hour. While the Sugar creek gorge was expected to break at almost any time, yet the fact that this condition had existed for the last several days made the river men skeptical and warnings were issued unofficially to be prepared for the worst.

The breaking of the gorge came as a decided relief here, inasmuch as the water already had inundated a large area and was within a few feet of places that would have paralyzed railroad transportation and made useless streetcar service in the lower part of the city.

Several of the streetcar lines running into the Kentucky cities of Newport and Covington already had been abandoned and it was only a question of a few additional feet to put them entirely out of commission.

SHOWS INCREASE

(By American Press)
Washington, Feb. 13.—Food consumption in the United States increased more than 10 per cent during the last month, in spite of all efforts at conservation and control. This means, the home committee on agriculture has been told by Food Administrator Herbert C. Hoover, that the food administration must be granted drastic powers. Hoover does not attribute the increased consumption to any lack of patriotism on the part of the American people, nor to any failure in the propaganda campaign conducted by the food administration. The country's prosperity and the accompanying high wages have allowed thousands of persons their first opportunity to "eat all they want," Hoover says. "It is this class that is responsible for the increased consumption."

While America's appetite grows, the food situation in the allied countries daily becomes more menacing. With proper authority, Hoover told the agricultural committee, he can go a long way toward meeting the allied requirements; without it the activities of the food administration would be crippled.

NEW PLANS ARE SECRET

(By American Press)

London, Feb. 13.—Addressing the house of commons, Premier Lloyd-George declared that the war must go on.

"There is no real peace meaning either in Von Hertling's or Czernin's declarations," he said. "There is no word in regard to Belgium or Poland or the rights of France or Italy. In the absence of anything definite it is our duty to go on with the war."

In reply to former Premier Asquith's request for further information regarding the Versailles conference, Lloyd-George said: "Heretofore our reserves could meet any possible German attack," the premier declared. "Now the situation on the western front is altered. All we know is that an attack is being prepared. It is essential that the allies should treat all their armies as one. The decisions at the Versailles conferences were unanimous."

The premier said the situation on the western front in recent weeks had become more menacing. He said the allies' superiority was gradually diminishing and that unification of their armies was, therefore, essential to meet the danger.

In opening parliament King George declared that "the struggle in which we are engaged has reached a critical stage, demanding more than ever our united energies and resources."

The addresses of both the king and his prime minister were at one with President Wilson's speech to congress Monday. King George declared that until there was recognition of the basic principles upon which an honorable peace could be concluded it was the duty of the British to prosecute the war with all the vigor they possess.

Until some better proof than had been provided by the speeches of the leaders of the central powers that those countries were prepared to consider the aims and ideals for which the allies and the United States were fighting, Mr. Lloyd-George said it would be Great Britain's regrettable duty to go on and make preparations necessary to establish international right.

The premier requested the house not to press the government regarding the arrangements made for countering the coming blow of the Germans. The change in the military situation brought about by the sending of German troops from the east to the west was a factor which must be considered, the premier said, and it was essential that the whole strength of the allied army of France, Great Britain, America and Italy should be made available for the point where the blow would come.

Lloyd-George said that if the house of commons was not satisfied with the conduct of the war, the only way was to change the government. Field Marshal Haig and General Robertson, he added, were present at the session of the supreme council at Versailles and approved the decision.

FARMERS EXEMPT

Washington, Feb. 13.—No more farmers will be drafted until after spring planting is over, Secretary of War Baker told Representative Haugen, Iowa, when he presented appeals of the middle west for more farm workers. Haugen told Baker the situation was getting so serious because of a shortage of labor that the production would be decreased 25 to 35 per cent below normal unless relief is furnished.

Strategical Drive For Peace

Almost simultaneously this week three spokesmen of the warring nations entered the world's forum to discuss the great issues which must be settled before the war can end.

In Washington President Wilson showed a fine Americanism and made another strategical drive for peace in a speech which clearly defined America's attitude.

In Amsterdam Emperor William, exulting over the collapse of opposition on the eastern front, proclaimed that Germany desires peace, but before it can be attained her enemies must recognize that Germany has been victorious.

In England, at the opening speech of parliament, King George said "until recognition is offered of the only principles upon which an honorable peace can be concluded, it is the duty of the British to prosecute the war with all the vigor they possess." Old school diplomats are seeing in these addresses actual peace negotiations of a new type and on a greater scale than heretofore known.

The Kaiser's blatant glorification of the policy of might, his arrogance and egotism, are in glaring contrast to the temperate attitude, the reasonable language, the calm spirit in which the President expresses the mind and temper of the American people, or the quiet positiveness with which the ruler of Great Britain speaks. "In a world which has been glorified by a character such as Abraham Lincoln to allow a person like Kaiser William to become and continue a national ideal confounds our sense of the eternal fitness of things and we must shatter that ideal to preserve humanity from degradation."

The preservation of a world safe for humanity was the dominant purpose of President Wilson's speech, pertinently called by the Chicago Herald, "A great essay in public diplomacy." It was a speech that weeded out non-essentials and put in simple straight forward matter the purpose of America's entrance into the war—to make the world safe for humanity. America refuses to consider any peace which does not guarantee that.

As an answer to the speeches of Count Czernin and Chancellor Hertling the President's address made a profound impression, and its message could hardly fail to appeal to Austria-Hungary and even to the masses of Germany, if it reached them without perversion.

Count Czernin's speech President Wilson regarded with sympathy, feeling that the Austrian minister saw the fundamental element of peace with clear eyes, but was restrained by alliances with Germany, but it was with quite a different characterization that the speaker's keen analysis noted the insincerities and sophistries of the German Chancellor's address.

Senator Pomerene expressed it well when he said "the President hit the wedge which seems to be separating the Austrian and the German Empires and gave it another blow."

President Wilson did not hesitate to show Austria that only Germany is in the way of permanent peace and to make plain to the people of both nations that they are mere "pawns" to be moved at will to further the ambitions of military autocracy, emphasizing the contrast when he said, "we are indomitable in our power of independent action and can in no circumstances consent to live in a world governed by intrigue and force."

Columbus Goes Over The Top

It is a comparatively simple task to train and equip armies, to teach and to demand the observance of the strictest kind of discipline. It is something more of a task to weld the great army of those left behind into an unfaltering and supporting unit, recognizing their duty and unhesitatingly discharging their stay-at-home obligations.

The civilian population of Columbus has gone over the top. While there was no bloodshed, no carnage of war to beset the pathway of that earnest war chest committee, there will never be executed a more brilliant charge upon the German ramparts by our boys at the front than was executed by those who had set unto themselves the rigorous task of raising \$3,000,000. A year ago even the most optimistic would have declared that such a feat was impossible of achievement. But then a year ago our duty was not as clearly defined as now.

These voluntary movements destined to aid in the prosecution of the war, exposing as they do the faith that is in us, is the finest commentary that can be made upon our American civilization. Those who by force of position or interest are called into the position of leadership have nothing to bolster them and inspire obedience to their mandates except the dignity of the cause that they represent.

There is no iron clad discipline in the ranks of those called upon to respond, except that character of discipline that comes from the recognition of a keener sense of duty. There were few slackers in that campaign. There was no more place for a slacker in that campaign of mercy than there is a place for a coward when the command is delivered to charge the enemy. In each case, the men in the ranks weeded them out.

The example of Columbus will be an inspiring example to the whole country and our Ohio boys will be cheered and gratified at the news that those at home can and will go "over the top."

Poetry For Today

DO IT NOW!
 Brand the traitor! Brand and deep
 Set the stigma on his brow!
 Let your will no longer sleep!
 Sear the scar—and do it now!

Now, while coward souls are shirking!
 Now, while craven foes are lurking!
 Ere they group, to strike with might
 That which honor knows is right,
 Rise, and with a fearless hand
 Scourge the traitors of our land!

Brand the enemy who waits
 At your doors, to learn your ways,
 Brand, and drive him from your gates—
 He will harm you if he stays!

Now, while stealthy feet are stalking!
 Now, while subtle tongues are talking!
 Ere they wreck all peace within
 Brand them with the mark of sin
 So that all the world may see
 Their red seal of treachery!

Brand the traitor, now, today,
 That the true blue of our skies
 Light no foe upon our way,
 Led by vicious, hireling spies!

Now, while mercy's voice is calling!
 Now, while valiant men are falling!
 Be it brother, stranger, friend,
 Bring this menace to an end!
 Brand the traitor's guilty brow!
 Scare and sear—and do it now!

"MARVELOUS MACISTE"

The Giant of Cabilia

The most amazing melodramatic comedy that has ever been produced on the screen. After you see "Marvelous Maciste" drag a big tree trunk about as if it were a stick of wood, throw a half dozen men about like ten pins, bursts through a ceiling with his shoulder, picks up a man from the ground while standing on the running board of a rapid moving train, carries a couple of good sized men as one carries a couple of satchels, and does a thrilling bit of work by climbing between two walls in a horizontal position you will say indeed "Marvelous Maciste."

Social and Personal

The Browning club met in regular session Tuesday evening.

The partial election of officers at an earlier meeting was completed. The officers for the coming year will be, President, Mrs. Julia Dahl, 1st Vice President, Mrs. Julia Kennedy, 2nd Vice President, Mrs. Laura Gregg, Secretary, Miss Edith Hamm, Treasurer, Miss Jean Howat, Executive Committee, Miss Minnie Light, Miss Gertrude Channel and Mrs. F. G. Carpenter.

The meeting was then turned over to the History department with Miss Wanda Wolford acting as chairman.

An exceptionally good program was enjoyed by those present.

Miss Goldie Baughn ably handled the subject of "The Loyalty of Our Foreign Born." "Whether the foreign born of our country are living up to this standard of patriotism can not be answered by 'yes' or 'no'.

"From magazine articles and German newspapers printed in this country, one cannot help, but feel that all of the foreign born population is not loyal. Yet on the other hand, when we read of the instances, where German and Austrian employees of a Columbus firm, gave liberally to the War Chest Fund, we cannot but feel, that the immigrant would be ready to defend the freedom, which they left their own country to obtain."

Misses Maxine Kibler and Avonelle Timmons played an exceedingly pretty duet, "March from 'The House of the Rising Sun'." by Wagner and "O! Thou Sublime Sweet Evening Star" as an encore.

The other paper an excellent one, showing thought and study on the program was presented by Mrs. Lena Probasco. Her subject, "What Are Our National Ideals?" May be summed up in her closing paragraph, "To defend and protect our nation ideals, human justice, political and religious freedom, a just world peace and world democracy, may mean much suffering for all, the cost may be enormous, but when we realize that much relief will come to thousands of our fellow men, if our national ideals can become world ideals, we will be willing to pay the price."

American flags, beautifully draped over the window and banked on either side with fern, made a patriotic and fitting background for the marriage of Priscilla, only daughter of Dr. and Mrs. G. W. Wood, to Lieutenant Harry Harrison Meade, 339th Infantry, Camp Custer, Mich., which took place in the bride's home Monday afternoon at 2:30 o'clock, with Rev. A. J. Marbet, of the Presbyterian Church officiating.

After Miss Mary Lane, of Cambridge, classmate of the bride at Ohio Wesleyan University, had finished singing a beautiful song entitled, "Beloysed It Is Morn," Mrs. Howard Bryan, of Delaware, who had played the

accompaniment, played the Mendelssohn wedding march, and as the opening strains were heard, Wilfred Wood brother of the bride, and Denver Williams held the ribbons which formed the aisle for the bridal party.

The bridegroom, Lieutenant Meade, accompanied by Second Lieutenant Charles Warner, 339th Infantry, Camp Custer, entered the room and took their places before Rev. Marbet. Immediately following them came Miss Louise Williams, the maid-of-honor, childhood friend and neighbor of the bride, looking very stunning in a gown of white satin, with a severe tailored blouse of royal blue velvet, with a hat of old blue georgette and carrying a handsome bouquet of pink sweet peas, pink and white roses and freesia, tied with a huge bow of pink mulline. As Miss Williams took her place, the bride entered, led to her place beside Lieutenant Meade, by her father, Dr. Wood. Miss Wood was without a doubt an unusually sweet and charming bride, in her gown of white broadcloth and silk braid, most simply made and in a most appropriate military style, while in her arms she carried an exquisite bouquet of white hyacinths, freesia and bride's roses.

After an elaborate supper Lieutenant and Mrs. Meade left on an afternoon train for Cincinnati, on their way to Michigan. The bride's traveling costume was a tailored blue cloth suit, with blue satin hat, brown boots and over it she wore a top coat of tan.

Mrs. Meade is one of Wilmington's most accomplished and charming young ladies. Her ability as a musician far beyond the average. Upon graduating from the local High School, she attended Ohio Wesleyan University, at Delaware, and for the last few months previous to her marriage, she has been taking a nurses' training course in Battle Creek, Mich.

Lieutenant Meade belongs to a prominent Valparaiso, Ind., family, is a graduate of Michigan University and until his enlistment in the army was the junior member of one of the most prominent law firms in the Middle West, with offices in Detroit. At present he is stationed at Camp Custer, Michigan, where he holds the rank of First Lieutenant.—Wilmington Daily News.

Mrs. C. F. Wikle, of Staunton was given a most delightful surprise party in honor of her birthday by twenty-five friends and neighbors Tuesday night.

Games and music and merriment galore rounded out so enjoyable an evening that the midnight hour arrived before the party broke up.

While completely surprised, Mrs. Wikle rose to the duties of hostess admirably and aided Mr. Wikle and her parents, Mr. and Mrs. Elmer Rowe,

in serving appetizing refreshments which they had in readiness.

Complimenting Miss Jessie Martin, of Columbus, the guest of Miss Wanda Wolford, Mr. and Mrs. B. F. Leland and daughter, Miss Esther, gave a pleasurable six o'clock St. Valentine's dinner.

The table was laid with eight covers and effectively decorated in red carnations and hearts.

Mrs. William Boynton Gage filled the role of hostess to the Chionians charmingly on Tuesday afternoon. The dramatization of the \$10,000 prize story, "Children of the Earth," was taken up as the study for the afternoon.

The hostess served a dainty collation.

The women of St. Andrew's Guild enjoyed the last Kensington before the beginning of Lent with Mrs. W. A. Tharp.

A dainty repast was served.

Sixteen relatives and immediate neighbors of Mrs. V. P. Smith conceived the happy idea of giving her a surprise on Tuesday night in honor of her birthday.

The affair was most successfully carried out. The guests, all masked took Mrs. Smith quite unawares and the masquerade features added to the fun.

St. Valentine suggestions were prettily used in tempting refreshments served by the two daughters, Mrs. Frank Jackson and Mrs. William Morgan, of Springfield.

Mrs. P. E. Decatur won the prize in a Valentine contest.

Mrs. Smith received a number of flowers in remembrance of the day.

Judge and Mrs. T. N. Craig entertained with an enjoyable family dinner, Wednesday in honor of their grand daughter, Mrs. William Morgan, of Springfield.

LADIES CIRCLE OF THE G. A. R.

The regular meeting of the Ladies Circle of the G. A. R., Friday afternoon, February 15th at Memorial Hall A full attendance is desired.

MARY MILLIKAN, Pres. MAZIE ROWE, Sec.

CENTRAL COMMITTEE TO PICK CANDIDATE

After a conference Wednesday morning, brought about by a recent letter written by Hon. Frank C. Parrett to W. E. Smith, of Milledgeville, offering to submit their candidacy for State Senator on the Republican ticket, to the central committee for settlement, the two prospective candidates agreed to refer the matter to the Republican Central Committee and allow that body to pick the one whom they wish as a candidate.

With the prospect of a fight in this county between the two Republican candidates, men with aspirations in other counties were beginning to get ready to ignore the "rotation rule" and enter the fight. This is Fayette's turn for Senator.

Mr. Parrett's letter to Mr. Smith is indirectly a result of an erroneous statement by James Faulkner in the Cincinnati Enquirer in which it was announced that Mr. Smith had offered to submit the matter to the Central Committee and Mr. Parrett had declined, no such proposal or declaration having been made.

CALL TO THE WOMEN OF FAYETTE COUNTY

The women of Fayette County have planned a Mass Meeting to be held Saturday, February 16th at 2:30 p. m. at the Women's Federated Club rooms in the Y. M. C. A. building, Washington Court House, in order to organize an Auxiliary to the Fayette County War Work Council of the Council of National Defence. Fayette County is one of the few counties in the State without such an organization.

Every woman in Fayette county is cordially invited to be present at this meeting.

ADOPT NEW RULE DURING WINTER

(Associated Press Correspondence) Stockholm, January 31.—Some of Christianstad's leading citizens do not intend this year to bear their heads to winter's biting blasts, regardless of rules of courtesy. They published in the city's paper a notice to the effect that, when meeting acquaintances in

the street, they intended, "during the cold season, merely to make military salute and not remove the head covering. And request all to respond in the same manner."

COMPARATIVELY FEW ADDICTED TO DRUG

By Associated Press Dispatch.

Columbus, O., February 13. — Less than one percent of the prisoners admitted at the Ohio State penitentiary in the year past were victims of the drug habit, according to a report furnished the state board of administration by Warden Thomas.

The average previous to the past year sometimes was as high as ten or twelve percent. The remarkable reduction is attributed to strict enforcement of the Harrison act.

TRACTOR SCHOOL ON AT COLUMBUS

By Associated Press Dispatch.

Columbus, O., February 13.—Indications point to a good attendance at the tractor school which opens in the state fair grounds coliseum this week. Prof. H. C. Ramsower of the Department of Agricultural Engineering, Ohio State university, has been getting from 100 to 120 inquiries daily concerning the institute.

The school is to last for at least a week and is for the purpose of teaching Ohio farmers how to operate, repair and handle farm tractors. The state is conducting the school and it is free to those who want to learn the "farm tanks"

ENROLLING FORMER O. S. U. MEMBERS

By Associated Press Dispatch.

Columbus, O., February 13.—A committee of Ohio State University students that went to Camp Sherman, Chillicothe, O., recently to register former Ohio State University students has returned with a stack of 150 cards. The work is by no means complete but the committee lacked time to finish the task. It is estimated there are between 300 and 400 at the cantonment.

All students and professors who know of students in service have been asked to send the names to the registrar's office. Men in various camps who know old O. S. U. men in service are urged to contribute the names, too.

YANKEE AVIATORS DOWNRIGHT HUNGRY AND ATE CANDIES

(Associated Press Correspondence)

American Aviation Camp, Southern Italy, February 3.—The food problem recently attained the dignity of a crisis here. When the United States government arranged for the training of Americans here, it was agreed that five lire per day should be paid for the feeding of each aviation officer in the making, a sum amply equal to advanced food prices, considering the several hundreds of men to be fed. A contract to feed the men was let to a local restaurant proprietor but he became imbued with the idea that Americans have plenty of money and are anxious to spend it.

For many weeks the Americans, absorbed in their training, accepted the food given them. They merely went

down into their own pockets and patronized the candy stores of the city, its restaurants, but particularly the canteen where the Italian soldiers of the camp spent their money for drinks, sandwiches, and omelets.

Gradually the price of canteen products rose so high the Italian soldiers were unable to patronize it and complained to their officers. These latter investigated jointly with the American officers, with the result that canteen prices were reduced 150 percent and the contractor in charge of the American mess had to beg to be given a chance to hold his contract.

This happened just before Christmas and as the Americans were being paid off for the first time in three months, they persuaded their commander to let them all go to Rome and Naples and gorge themselves.

There they engaged in veritable food orgies. They bought candy and nuts and cake by five-pound lots, retreating to their rooms to eat after taking regular restaurant meals. Some of the men were reported to have eaten six meals a day.

One of the features of the reception given at Rome by Ambassador Thomas Nelson Page and Mrs. Page at the Palazzo del Drago to the young men was a spread of cake and candy weighing down several tables. Although all present ate freely from the tables, their appetites seemed merely to have been whetted, for they were later found standing out in front of candy stores eating more cake and candy. Several started to mass at St. Peter's but were unable to get any farther than a restaurant facing the church.

Graduates in Special Military Training Now Teaching Others The Great War Game—Camp Sherman Notes.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, Ohio, February 12.—Non-Commissioned officers made excellent showing in the four divisional schools just completed and a large number of them now are engaged to teach men of their own companies and batteries the work that they have been schooled in largely by officers from the British army. These officers made flattering reports of the work of the non-coms and division headquarters saw fit to publish in bulletin form the names of the honor men.

Sergeant George E. Jordan, of Akron, member of Company E, 332nd Infantry Regiment, did the best work in the bayonet school for non-commissioned officers conducted by Captain Owen of the British Military Mission. Sergeant James B. Eckerd, of Ellsworth Station, member of Company B, 324th Machine Gun battalion, excelled in another bayonet class conducted by the British captain. In a third class, Sergeant Clarence Hauptfuer, of Jefferson took the honors. Corporal J. B. Homan, of Cincinnati was the only two-bar non-com to excel in work in light trench mortars.

Non-coms of the 322nd Infantry, 308 Trench Mortar Battery, 322, 323 and 324 Machine Gun battalions have completed their bayonet courses and now are ready for final assault work and the tactical use of the bayonet in trench fighting. In the mean time they have classes in their own outfits.

Thousands of letters were written by the Ohio and West Pennsylvania selective service soldiers in training here this week to their "dads." This was observed as "write home to father" week and a very wholesome response was made to the appeal to write to Dad as well as to Mother. The Y. M. C. has been doing its bit to have the boys remember that fathers, as well as mothers, like to get messages from their boys "at the front." And on Sunday, the Association will have a Father's Day with special services, talks and music that will be fitting.

Many of the men have admitted to Y. M. C. A. workers that they usually

say "Remember me to Dad," or "Tell Dad I'm Alright," or "Love to Dad" in the letters they have grown so used to writing to Mother.

Jewish men, both officers and the drafted privates of Camp Sherman, now have a downtown club where they may spend leisure hours. It has just been opened through instrumentality of B'nai Brith. Rooms were obtained on the second floor of a building at Second and Paint streets in the heart of Chillicothe and arrangements have been made to have the quarters open all time, with special social sessions, each Saturday evening. The organization responsible for opening the club is known as the American Soldiers' and Sailors' Welfare Association of the independent Order of B'nai Brith, which has or plans to have club rooms for Jewish men at all the camps in America. Joseph Leiser is in charge of the Camp Sherman club.

R. H. Kirkendall, of the Y. M. C. A. has started a movement for a big vaudeville show in the Y. Auditorium and has issued a call to all vodvil artists or any others who can pull stunts to "report themselves." The "home talent" will be used in entertainments in the regimental huts as well as in the main auditorium. There are a number of men in camp who have been on the vodvil stage and many others of reputation in college and university circles—and some who just naturally are vodvil artists though without professional experience to prove it.

SKELETON FOUND IN SEWER TRENCH

While ditchers were busy cutting a sewer trench through the old fair grounds in the eastern part of the city recently, they struck the remains of a box and unearthed a small skeleton which caused considerable speculation as to whether foul play had been practiced and the little victim laid to rest with the belief that the crime would never be discovered.

The workmen had not proceeded far in their work, however, until the head of the skeleton was unearthed and the discovery made that the skeleton was probably that of a dog or some other small animal, which had probably died while some circus was on the grounds, and the owner had tenderly placed the animal to rest in a wooden box.

DEMAND FOR COAL ON THE DECREASE

Six more cars of coal reached town Monday and Tuesday. Coal has been coming in a very satisfactory manner the past few days.

As a result of the warmer weather and shipments of coal, the demand has fallen off heavily.

WOMAN GAINS FIVE POUNDS FEELING FINE

Says Her Health Was Never Better in Her Life Than Now Since She Has Tried Tanlac.

"I have gained five pounds since I started taking Tanlac and I never felt better in my life," said Mrs. Nellie Henderson, 36 Garfield Place, Cincinnati.

"I used to have a lot of trouble with my stomach. After eating a hot, sour taste would come up in my mouth. If I ate anything greasy or anything very sweet it would be even worse. I really got so I hated to eat and my appetite was very poor, too."

"I couldn't sleep very well at night, either. I had a dull headache about all the time and just felt all out of sorts. I was all tired out in mornings."

"A neighbor advised me to try Tanlac and finally I did. The very first bottle helped my stomach. I've taken six bottles of Tanlac now and the nervousness I used to have is all gone. I sleep fine at night now too, and the headaches have left me."

"Yes, I think I feel better than I ever did before. I recommend Tanlac."

If you are not feeling right get Tanlac today at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store.

FATHERS AND SONS BANQUET FEB. 22

The date of the Fathers' and Sons' Banquet has been definitely set for Friday evening, February 22nd, at the Y. M. C. A. at 6 o'clock.

Hon. J. D. Post will preside, and Rev. B. D. Evans, of Athens, whose wonderful address at the recent Fish and Game Supper made such a profound impression on his hearers, will be the speaker of the evening.

This occasion will be a great Patriotic demonstration, and no one can afford to miss it. Especial honor will be paid to boys whose fathers are in the service, and the names of all such are desired at once at Y. M. C. A. headquarters.

Tickets will be one dollar each, each ticket admitting an adult and a boy, and every man present is expected to take a boy to supper.

The supper committee R. J. McLean, chairman, met Henry Brownell, chairman of the Banquet committee today at the Cherry to formulate plans for the big supper.

EARLY RESCINDING OF DOG LICENSING IN CITY EXPECTED

In the near future, if present plans are carried out, the city council will be asked to rescind the licensing of dogs in the city, as the licensing of dogs in the city and county under the new law is expected to give the same relief or even better in this city than if the city ordinance were left on the ordinance books.

The ordinance to license dogs in an effort to regulate the dog nuisance in this city was passed three or four years ago and never rigidly enforced outside of a period of a few months, and for the past many months little or nothing has been done in this connection, and the dog nuisance has become so great that a vigorous protest has arisen from all over the city, and particularly in the business section, where it is a common sight to see a stray dog stretched out upon the sidewalk, compelling pedestrians to walk around it.

The main object of the ordinance was to eliminate the worthless curs, and since the new law requiring license from the County Auditor is meant for the same purpose, it is expected that as soon as the county dog catcher begins work which will be as quickly as the money is provided within the next few days, that there will be no real need of the ordinance requiring an additional license.

Some cities have repealed the dog licensing ordinance, while others, finding the ordinance a source of much needed revenue and not working an additional hardship on the dog owners, inasmuch as they had previously paid taxes on the dogs and at the same time paying for a license, are leaving the ordinance stand.

LONG DELAYED WORK MAY BEGIN SOON

The work of paving East street south of the Dahl-Campbell building which has been long delayed, will be taken up as soon as weather conditions will permit this spring.

When the street is completed it will be possible to move traffic over it at all times in the year.

NOTICE TO THE PUBLIC

Numerous complaints are coming to my office in regard to the large number of stray dogs in this city and county. I fully appreciate the great annoyance it is giving the public.

Our commissioners on February 4 instructed me to go ahead, I immediately appointed A. C. Nelson deputy to give his entire time to this work, funds to do this extra work will not be available until passed on by the court in a regular way. This hearing is set for February 16, 1918, after which with your co-operation we expect to do all we can to eliminate this trouble.

HAS SAMPLES OF 5,000 BUSHELS OF GOOD SEED CORN

L. H. Rogers, of Paint township, through the assistance of L. H. Goddard of the United States Department of Agriculture, has samples of 5,000 bushels of seed corn which is suited to this community, and is giving the names of the farmers who own this corn, and showing the samples in order to assist in the work of obtaining proper seed for Fayette county. He is furnishing this information without charge to all who apply in person, and after they have viewed the samples.

A short time ago Mr. Goddard, who owns several hundred acres of land in northern Fayette county, visited Mr. Rogers and announced that he desired to aid in every way possible to obtain an adequate supply of dependable seed corn for Fayette county, and assisted in making an investigation which disclosed the serious shortage of good seed corn in Fayette.

After returning to Washington he obtained a list of farmers in Missouri and in Ross county, Ohio, who had good seed corn, and had samples forwarded to Mr. Rogers so that he could assist his neighbors and Fayette county farmers generally in obtaining dependable corn. These samples are now at the Rogers farm north of Bloomingburg, and will be shown to those who apply, and the names of the persons who own the corn will be furnished gratis.

Mr. Rogers also states that tests at the Wooster Experiment Station have disclosed that Illinois corn does not grow so well in this territory as native corn, or corn from a few other states, and that the samples forwarded to him are from districts where the corn will grow as readily in Fayette county as where the samples were grown.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

CONCERT WILL AID IN OBTAINING FUND FOR NEW BUILDING

In order to accommodate Fayette countians who go to Chillicothe to visit relatives or friends at Camp Sherman and to accommodate the soldiers generally, it will be necessary to erect a building for them. The work is in charge of the Civic Center League of that city, and the money is to be raised by assessing each county \$10 for each soldier there. Fayette's amount is about \$1000, which must be raised in the near future.

The Cecilians of this city, in order to help raise part of the quota of this county, will give a concert at the high school Auditorium Wednesday evening, February 20, for which the high school Glee Clubs have given their services.

A part of the concert will be devoted to the national anthems of the countries at war with Germany and her allies.

Double the Supply of Poultry and Eggs in the United States and Increase the Amount of Available Food 1,500,000 Tons

One hundred hens and several hundred chickens on the average farm, rightly managed, can get nearly all their living in spring, summer and fall "from the land." In feeding themselves they will utilize nearly all the waste grain, and consume great quantities of weeds, weed seeds and destructive insects.

One hundred hens and a few hundred chicks can turn a lot of farm waste into good food. Incidentally the poultry will leave on the land valuable fertilizer at the rate of two or three tons for every hundred birds.

One hundred hens on every farm, and one hundred eggs from every hen, mean more poultry and eggs for consumption on the farm, more to sell, more to substitute for red meat, and more power to our arms and the allies.
